PWP Power System

Power Pack informaiton

Heavy Duty LiPo4 Power Pack suitable to fit any cart with built in charger and AC inverter allow easy installation of suitable equipment. Available in 512WH or 240Wh sizes.

Autonomy

Easy to Clean

Durable

Multi Purpose

Ease of Use

Intelligent fuel gauge report run time and battery health. Datalogging and fleet management software is built into the product as standard.

LED Indicator

Easy to see, easy to understand battery charge indicator.

Service Related Conditions

Service related alarms, such as overload, over temperature, replace battery etc., will cause one of the RUI Service LEDs to flash.

Jungle Carts

We believe that patients and users should have the fun of alternative colours and artwork on the carts, we offer a range of standard designs or we can print and design to your requirement.

Custom Carts

3D CONCEPT

We of the concept and functionallity provide 3D realization of your ideas to help you get a view of the concept. The functionality, usability and modularity of our products can be tested via the prototype designed in accordance with your needs.

PRODUCTION

After the testing phase based on the standards and quality expectations, production starts. Taking account of your budget constraints and constant target, our robust production capacities ensure best-in-class products and reliable delivery.
