# “Innovation Opportunity Cooperation Development”

## Contents

### 1 Needles and syringes

Syringe  
Hypodermic Needle  
Insulin Syringe  
Irrigation Syringe  
Blood Collection Needle  
Scalp Vein Set  
I.V. Cannula  
Transfer Spike

### 2 Infusion and Transfusion Set

Transfusion Set  
Infusion Set  
Infusion Set with Precision Filter  
Flow Controlled  
Buret Infusion set

### 3 Medical Tubes

Hemodialysis Bloodline  
Stomach Tube  
Suction Tube  
Nasal Oxygen Tube

### 4 Non-woven Products and Wound Dressing Products

Face Mask  
Cap  
Surgical Gown  
Hospital Bedsheet  
Gauze  
Shoes Cover  
Cotton Ball  
Cotton Swab

### 5 Other Medical Products

Urino Bag  
Blood Collection Tube  
Wound Dressing Kit  
Anesthesia Kit  
Dental Kit

# 1

## *Needles and Syringes*

### Syringe

---

Specification:

1ml, 2ml, 2.5ml, 3ml, 5ml, 10ml, 20ml, 30ml, 50ml, 60ml

Lure slip / Lure Lock Nozzle

Central / Off-central Nozzle

Latex / Latex Free Piston

With needle / Without needle

### Hypodermic Needle

---

Specification:

27G	26G	25G	24G	23G
22G	21G	20G	18G	16G

Stainless Steel Needle Tube

Needle Hub

Protective Cap

### Insulin syringe

Specification:  
U-40 (Red Cap), U-100 (Orange Cap)  
Needle Size: 27G, 28G, 29G, 30G

### Irrigation Syringe

Specification: 50ml, 60ml

### Blood Collection Needle

Specification:

26G	24G	23G
21G	20G	18G
22G		

### Scalp Vein Set

Specification:

19G	20G	21G	22G	23G
24G	25G	26G	27G	

Product type: Lure slip connector/ Lure lock connector  
With single wing/Double wings

### Transfer Spike

Components: Protective cap, Spike  
Double spike for rapid transfer of medication between rubber stopped containers.  
PE bag package/In Bulk

### I.V. Cannula

Specification:

16G	18G	20G
22G	24G	26G

Product type: Pen type/With wings/With injection port

### **Transfusion Set**

Components: Vented Spike/Non-vented Spike, Drip chamber with filter, Roller clamp, Tube, Connector  
For gravity use

### **Infusion Set with Precision Filter/ Flow Controlled**

Components: Vented Spike/Non-vented Spike, Drip chamber, Roller clamp, Precise filter, Controlled flow, Needle, Tube  
Only for gravity use

### **Infusion Set**

Components: Vented Spike/Non-vented Spike, Drip chamber with fluid filter, Roller clamp, Injection site, Lure lock connector, Tube  
20drops/min  
Only for gravity use

### **Burette Infusion set**

Components: Vented Spike/Non-vented Spike, Drip chamber with filter, Roller clamp, Tube, Connector  
Sterilized by E.O.  
Only for gravity use

# 3

## Medical Tube

### Hemodialysis Bloodline

Venous Bloodline

Arterial Bloodline

Components: On-off Clamp, Air Chamber, Rinser connector, Pillow, Dialyser connector, Injection site with three-way, Lure lock connector, Heparin Tube, Filter

Tube materials: PVC, Non-PVC, DEHP Free

### Stomach Tube

Specification: 5F, 6F, 8F, 12F, 14F, 16F, 18F, 20F, 22F, 24F

### Suction Tube

Specification: 5F, 6F, 8F, 10F, 12F, 14F, 16F, 18F, 20F, 22F, 24F

### Nasal Oxygen Tube

Specification: S,M,L,XL

# 4

*Non-woven Products  
and Wound  
Dressing Products*

## Face Mask

Specification: 2 ply, 3 ply  
Material: PP  
Color: Blue / Green / White  
Sterile / Non sterile

## Cap

Specification: Round cap, Clip  
Cap,  
Sterile / Non sterile

## Surgical Gown

Materials: PP/PP+PE/SMS  
Colors: Blue/Green/Yellow/White  
Size: S/ML/XL

## Hospital Bedsheet

Materials: PP  
Colors: Blue/Green/White

## Gauze

100% Cotton  
Specification: 5cm\*6cm\*8  
7cm\*8cm\*8 10cm\*12cm\*8  
Sterile/Non sterile

## Shoes Cover

Materials: PP  
Colors: Blue/Green/White  
Sterile/Non sterile

## Cotton Ball

Materials: 100% cotton  
Grade of cotton: Natural or  
Super Absorbent  
Weight/piece: 0.3g, 0.5g,  
1.0g,2.0g  
Sterile/Non sterile

## Cotton Swab

Specification: Single Tip  
Material of the stick: Wood, PP,  
PS  
Sterile/Non sterile

# 5 *Other Medical Products*

## Urine Bag

Specification: 1000ml, 2000ml  
Type: T-valve, Full-Push valve, Screw valve

## Blood Collection Tube

Specification:

Blood serum tube	Gel and Clot Activator Tube	PT tube
ESR tube	Heparin Tube	EDTA tube
Oxalate tube		

## Wound Dressing Kit

Contents included: Plastic forceps, Cotton ball, Gauze swab, Fold hand towel, Limpet bag, Patient drape, Sterile field, Compartment dressing tray

## Anesthesia Kit

Contents included: Epidural needle, No damage anesthesia catheter, Catheter connector, Air filter, Thread assist guide, Syringe

## Dental Kit

Contents included: Probe, Forceps, Dental bib, Dental mirror, Plastic tray
